

Brant A. Larsen, D.C., P.A.

Welcome to the Chiropractic Clinic of Dr. Brant Larsen. By choosing this particular type of health care, you have the opportunity to understand the concept of total person health, and obtain information concerning your personal needs for a healthy body. Our goal is to resolve your health issue(s) by understanding the cause of your problem(s), rather than just treat your symptoms.

Step One: Please take the time to fill out the *Confidential Patient Information* form as accurately as possible and bring it to your appointment. Your answers are very important and will provide an understanding of your current symptoms, personal history, and health goals. The more information we have, the more effective Dr. Larsen will be in helping you. Please be sure to bring all medications and supplements you are currently taking to your appointment.

Step Two: Dr. Larsen will review your questionnaire responses and discuss them with you.

Step Three: A comprehensive examination will then be conducted to analyze if our methods of health care are appropriate for your condition. You will be advised as to whether additional procedures such as laboratory testing or x-rays are recommended.

Step Four: Once you clearly understand your case and analysis, customized treatment will be recommended. Your treatment plan will be tailored to your analysis and health goals. When you are comfortable with the findings and recommendations, treatment can begin.

The Fee for the Consultation, Exam and Report of Findings is \$175. We are a “fee for service” practice and payment is due at the time of service. We accept cash, checks, Visa, Discover, MasterCard, and American Express. If you have insurance, we must emphasize that our relationship is with you, not with your insurance company. Your insurance is a contract between you, your employer, and the insurance company. We are not a party to that contract. As a courtesy, we do provide our patients with an itemized bill to submit for reimbursement.

Our intent is to support you with the most effective and cost-efficient care possible in facilitating your optimum health.

Yours in Health,

Brant A. Larsen, D.C.
